

The Chesapeake Lighthouse Foundation (CLF) will offer a variety of programs aimed at helping students further develop their social skills while improving their academic performance.

The following are exclusive courses made available *ONLY* to the students of CLF schools.

**COLLEGE AWARENESS AND LEADERSHIP PROGRAM:** If you like hearing, “You’re IN!” or “You’re Hired!” then consider CLP— a mentorship program designed to help qualified students improve their skills in Academics, Social, Extracurricular, Personal development and certainly, leadership! CLP is a long term mentor-mentee commitment utilized by high-achieving students to propel them in the competitive admission process of our top US college & universities. To apply to the CLP program, contact your school’s CLP Coordinator.

**SAT/PSAT MATH and ENGLISH PREP:** In these classes, we will walk through solving practice problems that will cover all of the skills you’ll need (& want!) for the upcoming SAT Math and English sections.

SAT/PSAT Math, Mrs. Inci, Monday 4:00-5:30pm, @CLF Advanced Studies

Dates: Sep 26, Oct 3, Oct 10, Oct 17, Oct 24, Nov 7, Nov 14, Nov 21, Nov 28, Dec 5, Dec 12, & Dec 19 (12 weeks, \$300)

SAT/PSAT English, Ms. Underwood, Tuesday 4:00-5:30pm @CLF Advanced Studies

Dates: Sep 27, Oct 4, Oct 11, Oct 18, Oct 25, Nov 1, Nov 15, Nov 22, Nov 29, Dec 6, Dec 13, & Dec 20 (12 weeks, \$300)

**ADVANCED MATH PROGRAM:** Designed by CLF’s Math Champions / Alumni, this unique program caters to CLF students who want to be further challenged in mathematics. The Advanced Math Program provides students who already excel at standard, grade level math in school more interesting, challenging, and rewarding pace. Additionally, if you are currently a student on or considering participation in your school’s math team, this program is ideal for improving your personal & competition results! If you would like to attend AMP, please email us at [advancedmath@clfmd.org](mailto:advancedmath@clfmd.org)

ADVANCED Math, Mr. Avsar, Ms. Sandeep, Mr. Carmean, Mr. Onyshkevych(s), Saturdays, 9:00am-1:30pm @CLF Advanced Studies(monthly/\$100)

**ANDROID APP. PROGRAMMING:** Students will learn programming and building for Android Applications using MIT’s App Inventor, a cloud-based tool to develop Applications for the Android Operating System. These apps can then be downloaded and run on any Android device. “There *should be* an app for that...now let’s build it!”

This program is composed of two main stages.

- 1) Instruction of the App Inventor components through small fun projects.
- 2) A Capstone Project that requires identifying a real problem and developing an application to address this problem.

Students who complete this program successfully will earn a Certificate of Completion. This program is designed for High School students or the middle school taking Algebra 1 or higher.

Android App Programming, Mr. Sarica, Wednesday, 4:00-5:30pm @CLF Advanced Studies

Dates: Sep 28, Oct 5, Oct 19, Oct 26, Nov 2, Nov 9, Nov 16, Nov 30, Dec 14, & Dec 21 (10 weeks, \$250)

**PUBLICATION & GRAPHIC DESIGN:** While the name is self-explanatory, the assumptions stop there. Why settle for basic PowerPoints and Word docs when you could bring your creative mind to the world of

graphic art, design, advertising, writing, marketing, and public relations! Learn and use tools to produce high-quality visual & written content that can help in your courses of study now, in college, and in the job market! Want to see your name in print? We do too! Select student work will be published quarterly in the NEW CLF seasonal, "The Local Motive" and distributed to THOUSANDS of our subscribers, business leaders, politicians, and of course, your parents! This program is being offered to high school students and middle school students who have achieved their certificate in MS Office.

Publication Graphic Design, Mr. Canli, Thursday, 4:00-5:30pm @CLF Advanced Studies

Dates: Sep 29, Oct 6, Oct 13, Oct 27, Nov 3, Nov 10, Nov 17, Dec 1, Dec 8, & Dec 15

**(10 weeks, \$250)**

Publication Graphic Design, Mr. Canli, Saturday, 11:30-1:00pm @CMIT South

Dates: Oct 1, Oct 8, Oct 15, Oct 22, Oct 29, Nov 5, Nov 12, Nov 19, Dec 3, Dec 10, & Dec 17 **(11 weeks, \$275)**

**ARCHERY:** This course is for everyone from the beginner to the experienced archer and will cover an introduction to archery, basic bow techniques, archery safety, and techniques to improve your archery skills. Students will learn the steps that can be applied across all disciplines of archery. This is a fun, hands-on experience that promotes archery as a healthy lifetime activity. Students will discuss and demonstrate character development, self-evaluation skills, communication, cooperation, respect and related behaviors that are required in all effective functioning groups. No experience or equipment is required for this course. CLF will provide NASP (National Archery in the School Program) original Genesis bows and arrows.

Archery, Mr. Cihan, Saturday, 10:00-11:30am @CMIT South

Dates: Oct 1, Oct 8, Oct 15, Oct 22, Oct 29, Nov 5, Nov 12, Nov 19, Dec 3, Dec 10, & Dec 17 **(11 weeks, \$275)**
