DR. M. GOLDSON, PGCPS FIRST NATIVE WOMAN CEO (BELOW)

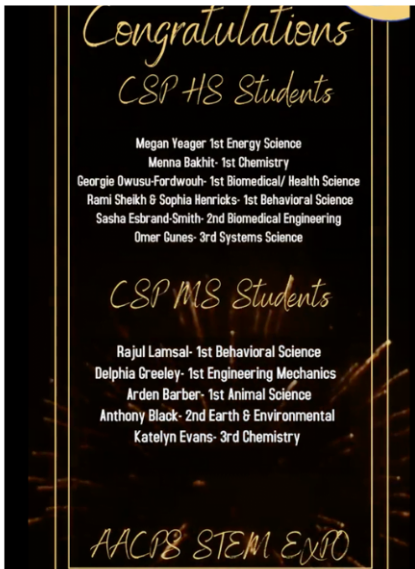

Celebrating
WOMEN'S HISTORY MONTH

This month we celebrate Women's History Month on the heels of Black History Month. Therefore, it is quite fitting to highlight this accomplished African American Woman at this time. Dr. Monica Goldson is a three-time graduate of historically Black colleges and universities with a bachelor's degree in Mathematics from Florida A&M University, a master's degree in Elementary and Secondary School Administration from Bowie State University, and a doctorate in Educational Administration and Policy from Howard University. Prior to her current position, she served as an adjunct professor at George Washington University, Howard University, and Morgan State University. Dr. Goldson is the proud parent of two adult sons. She has successfully served as the Chief Executive Officer of Prince George's County Public Schools, one of the nation's largest school districts, since July 2019. THE LIGHTHOUSE QUARTERLY

SEE WHAT CLF SCHOOLS HAVE BEEN DOING

Congratulations Principal Jefferson. You and CSP's STEM Expo team continue lighting the way for excellence in education!

CSP HS Science Olympiad team!

Way to go CSP HS Science Olympiad team! You placed among the top 6 in the regional competition! The next step is the State Competition! Congratulations Principal Jefferson and Science Olympiad Team!

CMIT North Middle School's TRAC Bridge team Tiger Construction Inc. (TCI) consisting of Joseph Tinio, Martin Simon-Ebughu, and Christian Medina qualified for the 2022 National TRAC Bridge Challenge. These eighth-grade scholars will compete in the finals by presenting and showcasing their project online, via Zoom Meet, on March 29th. Three teams were selected from every grade division out of 84 teams across the United States to compete this coming May. The TRAC Bridge Challenge is a national competition designed to promote an interest in Science, Technology, Engineering, and Math (STEM). The program enhances math and science instruction and introduces students to engineering through hands-on real-world applications! Way to go Principal Brauer and Teacher/Sponsor Natalie Crespo-Montano

ALSO,
Congratulations Principal Brauer and the Dynamic Planet Team OF Samuel and Sydney (CMIT North MS)! Your Science Olympiad team made it to the John Hopkins State Tournament and will compete on April 2nd. Congratulations Coach Kendall Pinkney! Go, Team!!

We are ecstatic to report that the team of Precious Sobawale and Dailyn Wray is headed to compete at the National Urban Debate League Tournament in April!

This is a huge honor because this team's category, the Junior Varsity, opened late by our local regional league and didn't have time to run qualifiers. Precious and Dailyn were hand-picked by the regional league administration, to compete. This challenge is all the more impressive because they are a young team (10th and 11th graders), both having less than 2 years of experience in this activity. This tremendous honor certainly reflects the amount of hard work and dedication shown this season by the two young women! This is noteworthy in recognition of both Black History and Women's History Months! Girl Power!

CMIT Debate Team Members (below). Congratulations on your wins!
